	ACCOUNTING A	NALY	SIS OF FARM PRODUCTS							
1	Course Title:	ACCOU	NTING ANALYSIS OF FARM PRODUCTS							
2	Course Code:	TRE5424								
3	Type of Course:	Optional								
4	Level of Course:	Second Cycle								
5	Year of Study:	1								
6	Semester:	2								
7	ECTS Credits Allocated:	7.50								
8	Theoretical (hour/week):	3.00								
9	Practice (hour/week):	0.00								
10	Laboratory (hour/week):	0								
11	Prerequisites:									
12	Language:	Turkish								
13	Mode of Delivery:	Face to face								
14	Course Coordinator:	Prof. Dr. Tolga TİPİ								
15	Course Lecturers:									
16	Contact information of the Course Coordinator:									
17	Website:									
18	Objective of the Course:	The aim of this course is to enable students to acquire the skills of understanding and comprehending the cost of the agricultural products, economically evaluating the branches of production, and planning agricultural farms; of evaluating the cost calculation methods via sample applications; and implementing them.								
19	Contribution of the Course to Professional Development:	Students can analyze the cost of different agricultural products.								
20	Learning Outcomes:									
		1	To be able to understand, analyze, and evaluate cost calculation methods in agriculture							
		2	To be able to understand, evaluate and interpret the methodology of cost calculation methods in the agricultural products							
		3	Acquiring the skills of preparing reports and of conducting presentations and individual studies independently							
		4								
		5								
		6								
		7								
		8								
		9								
		10								
21	Course Content:									
		Co	ourse Content:							
	Theoretical		Practice							
1	To inform students about the introdu scope of, reason for, and implement the course
