	REGI	ONAL	ECONOMICS				
1	Course Title:	REGION	IAL ECONOMICS				
2	Course Code:	IKT4304					
3	Type of Course:	Optional					
4	Level of Course:	First Cyc	cle				
5	Year of Study:	4					
6	Semester:	8					
7	ECTS Credits Allocated:	5.00					
8	Theoretical (hour/week):	3.00					
9	Practice (hour/week):	0.00					
10	Laboratory (hour/week):	0					
11	Prerequisites:	No Prere	equiste				
12	Language:	Turkish					
13	Mode of Delivery:	Face to	face				
14	Course Coordinator:	Prof. Dr.	METİN ÖZDEMİR				
15	Course Lecturers:	Dr. Öğre	tim Üyesi Sevginaz Işık				
16	Contact information of the Course Coordinator:	Prof. Dr. Metin ÖZDEMİR mozdemir@uludag.edu.tr 0224 294 10 95, Uludağ Üniversitesi İktisadi ve İdari Bilimler Fakültesi İktisat Bölümü 16059 Nilüfer / Bursa					
17	Website:						
18	Objective of the Course:	dynamic	n objective of the course is to address the emergence and s of regional development disparities and to analyse the in order to diminish these disparities in our country.				
19	Contribution of the Course to Professional Development:	reasons	s who take the course will gain the ability to understand the for the emergence of regional development differences and ze politically.				
20	Learning Outcomes:						
		1	Students acquire an understanding of the theoretical foundations of regional economics and development.				
		2	Students are expected to be able to describe why and for what means do regional development disparities exist between places, regions, cities, and nations.				
		3	Students should be able to explain location decisions of firms				
		4	Students are expected to be able to analyze the main factors affecting regional development				
		5	Students should be able to interpret the rationale behind goverment intervention to retrench regional development disparities.				
		6	Students should be able to learn the emergence and dynamics of regional development disparities in Turkey.				
		7	Students are expected to be able to know how regional development policies of Turkey are implemented and what are the economic justifications behind them.				
		8	Students are expected to be able to interpret the effects of regional development policies in Turkey.				
		9	Students should be able to compare EU regional policies with Turkey.				
		10	Students are expected to be able to acquire and evaluate different alternatives and solutions to regional economic problems.
