TEACHING MATHEMATICS II										
1	Course Title:	TEACH	ING MATHEMATICS II							
2	Course Code:	SIN3010								
3	Type of Course:	Compuls	sory							
4	Level of Course:	First Cycle								
5	Year of Study:	3								
6	Semester:	6								
7	ECTS Credits Allocated:	4.00								
8	Theoretical (hour/week):	3.00								
9	Practice (hour/week):	0.00								
10	Laboratory (hour/week):	0								
11	Prerequisites:	None								
12	Language:	Turkish								
13	Mode of Delivery:	Face to 1	face							
14	Course Coordinator:	Prof. Dr. YELİZ YAZGAN								
15	Course Lecturers:									
16	Contact information of the Course Coordinator:	İş Tel 0224.2755024 e-mail: yazgany@uludag.edu.tr								
17	Website:									
18	Objective of the Course:	This course aim to introduce primary mathematics curriculum to student teachers and help them to gain skills in understanding contemporary teaching and learning approaches, and finally provide practical opportunities student teachers to apply these knowledge in practice.								
19	Contribution of the Course to Professional Development:	It is expected that the classroom teacher candidates taking this course will have an idea about the learning areas, achievements and objectives in the mathematics teaching program, recognize the teaching methods and techniques, and use the basic methods of evaluation.								
20	Learning Outcomes:									
		1	Know the primary mathematics curriculum							
		2	Get ideas about learning zones, student gaining and objectives in Mathematics curriculum							
		3	Gain theoretical and practical knowledge and skills in the use of teaching methods and techniques in teaching primary mathematics							
		4	Know about teaching tools an develops teaching materials for mathematics							
		5	Comprehend the measurement and assessment procedures and processes in mathematics and develops tools for assessment							
		6								
		7								
		8								
		9								
		10
